Gary D. Ingle has been promoted to Assistant Vice President – Commercial Loans. Gary started at our Minneapolis office as a Personal Banker II in late 1998. After about six months, he transitioned to the Finance and Planning Administrator position.

After working in that area for about a year and a half, Gary became a Credit Analyst and started working his way up the ranks in the credit department. He became the Credit Officer in 2004, followed by a Commercial Lending Officer later that year, at which time he relocated to the Coon Rapids office. In 2008, Gary returned to Minneapolis where he currently offices.
