The rain held off respectfully at Edison High School's Pete Guzy Field on Friday evening (Oct. 11) for the football game between the visiting North Community High and Edison Tommies, but a long history of rivalry reigned over the turf at game time.

The Tommies marched down the field after receiving the opening kickoff with the anticipation lighting up the scoreboard, but the Polars, with a fresh spirit of zest and team effort compared to last season, put a stop to the Edison plan, with a fumble recovery on the North 20 yard line.

North reversed the direction of the football action ending its drive with a Tyler Johnson carry into the end zone for the first of four touchdowns. Ironically, the Tommies quarterback, De Shaon Felix-Twiet, who also play defense, could not match the speed of Johnson. Also scoring for North was Keyon Thomas.

For the fourth time now this season the Poplars ended up in the win column, and in the Edison game came away with a 26-0 victory.
