KFAI, Fresh Air Community Radio, celebrates International Women's Day on Sunday, March 8, 2009, as women from all around the Twin Cities take over the airwaves. You name it, there's a program for it: music, spoken word, the arts, public affairs, health, and even those Twilight vampires. Tune in at 90.3 FM Minneapolis, 106.7 FM St. Paul, or online at www.kfai.org. After the live broadcast, can also be heard "on demand" via the KFAI archives. Go to www.kfai.org/iwd for the day's schedule. For additional information, contact Adam Mehl, KFAI Program Director, at 612-341-3144, ext. 20.
