Northeast Bank was honored with a National Jefferson Award as presented by the Minneapolis/St. Paul Business Journal on Thursday, November 29. Each year, a dozen businesses in each state are acknowledged for their dedication of time, talent, and energy to charitable causes. Of those twelve businesses, one is selected to represent their respective state at the National Jefferson Awards ceremony in Washington, D.C. Northeast Bank is proud to be representing the State of Minnesota at the national event scheduled for June of 2013.

Northeast Bank's submission was based upon our extensive volunteer program. In 2011, board members, officers, and employees logged almost 4,000 volunteer hours as members of organizations, supporters of worthy community projects, and workers at events. The bank's board members and officers are affiliated with over 50 local non-profit organizations.
